PERSONAL PROJECTS

Graphical Password Authentication

- ▣ Main goal of this project is to avoid shoulder surfing , in this you need to choose a color in registration process and during login process there will be one wheel with colors and your password letters and some random letters also.
- ▣ When you want to select your password letter , adjust your selected color to that letter and check your letter is in inner orbit or outer orbit and select accordingly.
- ▣ By using this ,person behind you can not guess or see your password
- ▣ Implemented this project in React JS
- ▣ Project link: <https://rajeshrc12.github.io/graphicalpassword/>

Portfolio Website 1

- ▣ Simple and mobile responsive website
- ▣ Fixed navbar is there on top
- ▣ Social icons fixed on left side and hover effects is also there
- ▣ React smooth scroll is used
- ▣ EmailJS is used for contact form
- ▣ Project Link: <https://rajeshrc12.github.io/rajesh-portfolio-1/>

Portfolio Website 2

- ▣ Simple and mobile responsive website
- ▣ Fixed Left Sidebar is there
- ▣ Education and Experience is shown using timeline template
- ▣ React Smooth scroll is used
- ▣ EmailJS is used for contact form
- ▣ Project Link: <https://rajeshrc12.github.io/rajesh-portfolio-2/>
